Concepts

In year one children will be introduced to a wide variety of vocabulary, including:

*The days of the week,
autumn, winter, spring and summer,
hour, day, week, month, year,
morning afternoon, evening, night, midnight, midday
today, tomorrow, yesterday
now, soon, early, late, before, after,
first, second, third, next, last
quick, fast, slow, quicker, faster, slower,
how long?
sometimes, often, always, never.*

Children will be expected to know that there are 7 days in a week and that a day is 24 hours long.

It is expected that children will begin to read the time on an analogue clock face (with hands). At first this will just be the time to the hour. Later, half hours can be introduced.

Plenty of oral work is necessary for these activities - ask questions such as "What time will it be in an hour?" or "What time do you go to bed?" etc.

Large days, months and clock faces showing the time can be put up around the room as a reminder.

A blank analogue/time sheet is provided at the end of the module for adults or children to make up further times.

Sunday

Monday

Tuesday

Wednesday

Thursday

Friday

Saturday

Use these for display or printing on to card and asking questions such as:

1. What day comes after Tuesday?
2. Can you put the cards in order?
3. If today is Wednesday what day was yesterday?
4. What days of the week don't you go to school?
5. What day is it tomorrow?

Etc

January

February

March

April

May

June

July

August

September

October

November

December

Reading the time

What times do these clocks show?

Reading the time

What times do these clocks show?

What times do these clocks show?

**Write down what
the time will be in
one hour's time.**

1. In one hour it will be:

2. In one hour it will be:

3. In one hour it will be:

4. In one hour it will be:

Matching the clocks

Draw a line between the time and the correct clock face.

Half past five

Six o'clock

Seven o'clock

Half past three

Half past ten

Half past eleven

Write the correct time in.

Fill in the times shown on the clock faces:

Put the correct clock hands to show these times:

Half past one

Three o'clock

Half past seven

Twelve o'clock

Half past eight

Half past nine
